

AVIOCHEM

AVIOCHEM for Defence

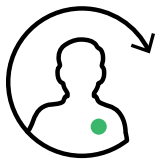

Since 1951 reliability, competence and transparency at the service of the Air Force and Defence

We provide our customers with a **full range of chemical products for MRO operations**, specifically formulated by international manufacturers for the aeronautical market and **qualified according to the main military specifications**.

Efficiency, safety and operational continuity: every delivery is the result of our controlled process, combining technology, logistics and a direct relationship with the customer.

In our regularly replenished warehouse, gaskets and consumables are available for purchase even in small lots. Visit www.aviochem.it/line-card/ to view the complete line card and check stock availability.
