*Our products' reliability is a key point of our mission. Our partners know that and work constantly to obtain approval from certifying boards and customers.*

**The price: a choice we build with you.**

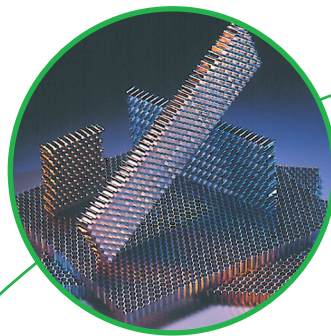

## Consignment stock

Stock management in the worldwide sales network.

- Lower operating costs and financial fixed assets (stocks are not until he picked up)
- A null supply lead-time, because the merchandise is always present.
- Use of verifiable telematics means that will allow a faster information exchange.

## Strategic product lines

Composite

Surface Treatment

Sealing System
